

Early Journal Content on JSTOR, Free to Anyone in the World

This article is one of nearly 500,000 scholarly works digitized and made freely available to everyone in the world by JSTOR.

Known as the Early Journal Content, this set of works include research articles, news, letters, and other writings published in more than 200 of the oldest leading academic journals. The works date from the mid-seventeenth to the early twentieth centuries.

We encourage people to read and share the Early Journal Content openly and to tell others that this resource exists. People may post this content online or redistribute in any way for non-commercial purposes.

JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact support@jstor.org.

REG. 32. The owner, agent, or occupant of any tenement used as a dwelling house, or of any other building with which there is a privy connected and used, shall furnish the same with a sufficient drain, and unless said drain be connected with a common sewer, a cesspool underground to carry off the waste water, and also with a suitable privy, the vault of which shall be sunk under ground, and built in the manner hereinafter prescribed, and of a capacity proportionate to the number of inhabitants of such house or building; and all such inhabitants shall have the unrestricted use of such a drain, cesspool, privy, and vault. No person shall connect any privy or water-closet with any drain discharging into a main drain or common sewer, except under direction of the board of health.

REG. 32. If the board of health shall at any time be satisfied that any dwelling house or building mentioned in the preceding section is not provided with a suitable drain, cesspool, privy, or vault, as aforesaid, they shall give notice in writing to the owner, agent, or occupant, or other person having the care thereof; or in case neither the owner, agent, nor person having the care thereof is an inhabitant of the city, public notice in two newspapers, printed in Salem, requiring such owner, agent, occupant, or other person, within such time as they shall appoint to cause a proper and sufficient drain, cesspool, privy, and vault, or either of them, to be constructed for such house or building, to be common and subject to the use of all the inhabitants thereof; and in case of neglect or refusal to obey such notice, the board of health shall cause such drain, cesspool, privy, or vault to be made for such dwelling house or building at the expense of such owner, agent, occupant, or other person.

REG. 34. All vaults hereafter built shall be so constructed that the inside of the same shall be at least 2 feet distant from the line of every adjoining lot, unless the owner of said adjoining lot shall otherwise agree and consent, in writing (such consent to be filed in the office of the board of health), and at the same distance from every street, lane, alley, court, square, or public place, or public or private passageway; and they shall be so constructed as to be conveniently approached, opened, and cleansed. Every vault shall be made tight; and whenever any drain, cesspool, vault, or privy shall become offensive, the same shall be cleansed, and the owner, agent, occupant, or any other person having charge of the land in which any drain, cesspool, vault, or privy is situated, the condition of which is in violation of the provisions of this regulation, shall cause the same to be removed, cleansed, altered, amended, or repaired, within such reasonable time after notice in writing to that effect, given by the board of health, as shall be expressed in such notice; and in case of neglect or refusal to do so the board of health may cause the same to be removed, cleansed, altered, amended, or repaired, as they may deem expedient, at the expense of the owner, agent, occupant, or other person, as aforesaid.

REG. 35. No cesspool or privy vaults shall be emptied without a permit from the board of health. The owner, occupant, or person in charge of the premises whereon any privy vault is situated shall have such vault thoroughly and completely emptied at least once each year, at his own expense. The entire contents of each privy, vault, and cesspool shall be removed, and such privy, vault, or cesspool shall immediately thereafter be properly deodorized. Orders for the emptying of such vaults shall be left at the office of the board of health at the city hall.

REG. 36. No person without a permit first obtained from the board of health, shall drive or cause to be driven any cart or wagon containing night soil, or any wagon or cart used for that purpose, through any street, lane, or alley in this city, nor permit any such wagon or cart to stand in any street, lane, or alley in the city. [Regulation, board of health, adopted Mar. 22, 1910.]

STABLES—REGULATION OF.

REG. 37. The owners and occupants of livery and other stables within the city shall not wash or clean their carriages or horses in the streets or public ways of this city or permit them to be so washed or cleaned. They shall keep their stables and yards clean, and not allow more than three cords of manure to accumulate or remain upon their premises at any one time, and no manure shall be allowed to remain uncovered out of the stable building, nor permit the stable or grounds connected therewith to be foul or unclean.

REG. 38. Manure shall not be loaded upon or across any passageway or sidewalk, except in stables heretofore constructed from which it is impossible to load it otherwise, and in such cases the passageway or sidewalk shall be thoroughly cleaned and swept immediately after such loading. Manure shall only be removed in a tight vehicle. [Regulation board of health, adopted Mar. 22, 1910.]
